

Prerequisite Fast2SMS Account Creation

Date	2 November 2022
Team ID	PNT2022TMID15629
Project Name	Project – Smart Farmer - IOT Enabled Smart Farming Application

TASK:

An account was created in Fast2SMS dashboard and the procedures to use it were completed.

The screenshot shows the Fast2SMS dashboard interface. The top navigation bar includes the Fast2SMS logo, account information (Account Info), a clock showing 01:27:38 PM, a notification bell, a user profile icon, and the name ARUN R. The left sidebar contains a menu with options: Bulk SMS, DLT SMS, Quick SMS, Address Book, Delivery Reports, Transactions, Dev API, Settings, and Help. The main content area is divided into two tabs: 'PROMOTIONAL' (selected) and 'SERVICE'. The 'PROMOTIONAL' tab displays a form for sending an SMS. The form includes a 'Sender ID' field with the value 'FTWSMS', a 'Mobile Number' field with a dropdown for country codes (currently showing '+91') and buttons for 'CONTACT', 'LIST', and 'EXCEL', a 'Message' field with a character limit of 60 (containing 'yourotp:'), and a language dropdown set to 'ENGLISH'. Below the message field, it indicates '- Sent via FTWSMS' and '27 / 1 SMS'. At the bottom of the form are 'SEND' and 'SCHEDULE' buttons. To the right of the form is a 'FEATURES' section with a list of benefits: 'Only for Informative SMS', 'Marketing & Promo SMS not allowed', 'No DLT Registration Required', 'For DND + Non DND numbers', 'Send SMS 24x7 (no time limits)', and 'Import bulk contacts from list & QR'. A red sidebar on the right edge contains a chat bubble icon.

The screenshot shows the Fast2SMS dashboard interface with the 'Dev API' tab selected. The top navigation bar is identical to the previous screenshot, but the clock now shows 03:24:50 PM. The left sidebar remains the same. The main content area has tabs for 'Dev API' (selected), 'API Key', and 'Security'. The 'Dev API' tab displays the 'API Authorization Key' section. It features a key icon and the text 'Created at: 06-09-2022 10:53:02 AM'. Below this is a text box containing the API key 'c7iMqeL20041G8zZjhW3bTprlwUtsvHDEaC5iKYFk' and a 'Copy' button. Below the API key, there are two sections: 'API Key Status' with 'Enable' and 'Disable' buttons, and 'Re-Generate API Key' with a 'Regenerate' button. At the bottom of the section is a link 'To Read API Documentation' with a 'CLICK HERE' button. A red sidebar on the right edge contains a chat bubble icon.
